

FACTS

PLATEAU PICNIC L

177

PLATEAU presents a stringent - almost graphic - expression firmly rooted in the Scandinavian design tradition. Designed to provide numerous seats in socially oriented formations, Plateau is produced from durable materials requiring no other maintenance than soap and water.

Three available models provide accessibility for all kinds of users. Combining the models in different ways provides a variety of solutions both functionally and aesthetically - and can even be extended with a backrest.

PLATEAU Picnic L has two benches providing staggered access to the table along a flat diagonal with each bench forming a letter L. This allows easy access for the walking impaired. Seats 8-10.

Design: Holscher Design
